PROFESSIONAL SUMMARY

AI and Data Science engineering student with hands-on experience building Python applications, data analytics dashboards, and machine learning prototypes. Strong foundation in Python, SQL, data structures, REST APIs, and frontend development. Interested in AI/ML Engineer and Software Engineer roles.

EDUCATION

B.Tech — Artificial Intelligence and Data Science

ABC Institute of Technology, Chennai | 2024–2028

Relevant coursework: Data Structures, DBMS, Machine Learning, Statistics, Artificial Intelligence

TECHNICAL SKILLS

Languages: Python, SQL, JavaScript, HTML, CSS

AI/ML: Machine Learning, NLP, RAG, LLM fundamentals, Prompt Engineering

Data: Pandas, NumPy, Power BI, Data Cleaning, Data Visualization

Backend: FastAPI, REST APIs, SQLAlchemy

Databases: MySQL, MongoDB

Tools: Git, GitHub, VS Code, Jupyter Notebook

PROJECTS

InterviewX — AI Interview Preparation Platform

Built a full-stack interview preparation platform using FastAPI and a browser-based frontend. Implemented JWT authentication, user profiles, resume ingestion, skill extraction, personalized roadmaps, mock interview flows, answer evaluation, and dashboard reporting. Used RAG concepts and vector search for role-specific interview preparation.

Inventory Optimization Dashboard

Developed Power BI dashboards to analyze inventory levels, units sold, demand forecasts, pricing, seasonality, promotions, and regional performance. Used Power Query and DAX for data preparation and business metrics.

Smart Attendance System

Created a digital attendance application to reduce manual tracking and provide a simple interface for monitoring attendance records.

EXPERIENCE

Data Analytics Intern — Inspire Softech Solutions

Chennai | 2026

Worked with SQL, Power BI, data cleaning, data modeling, DAX, and dashboard development. Analyzed an inventory dataset and created interactive reports for inventory and demand insights.

CERTIFICATIONS & PRACTICE

- Introduction to Cybersecurity — Simplilearn
- Database Management System — NPTEL
- 600+ programming problems practiced on Skillrack

INTERESTS

AI engineering, data analytics, UI/UX, practical software development, and problem solving.
